Dear Sir/Ma,

We want to express our sincere gratitude to you for the unflinching and unparalleled support we at **Amazing Grace Christ Foundation (AGCF)** received from you for the sustenance of the organisation in the past. We pray that God in His infinite mercy and abundance of grace will always respond to your needs and calls.

We are calling again due to the ongoing project at one of our mission fields in Uganda. If you remember, we visited Uganda last year for mission. We saw the need for active mission work in this country particularly in the areas and communities that we visited: Kampala & Ohima environs. Here we identified lack of drinking water for the pupils at **Kiteezi Centre for Disabled Primary School** and those in the neighbouring communities. The need to meet this basic necessity of life is the reason for this letter to you.

By His grace, **AGCF** would be leading some group of Christians to Uganda for the programme titled "**Uganda for Christ, 2015**". This is two weeks of soul winning, evangelism and charitable works programme beginning from 1st week of December, 2015

We estimated this project to cost **£15,000** (fifteen thousand pounds only). This is to cover expenses of ten brethren including flight tickets, hotel accommodations, transportation from villages to villages for ministration, gift aids for the motherless homes and the less privileged in the host communities, as well as provision of water bore hole at **Kiteezi Centre for Disabled Primary School**.
